**Smith & Wesson®**

**M&P Shield® M2.0™ with Integrated Crimson Trace® Laser  
Now Available in .45 Auto**

*New Models Available with Red or Green Integrated Crimson Trace Laser*

**SPRINGFIELD, Mass., (July 30, 2018)** – Smith & Wesson Corp. today announced that it has expanded its M&P Shield M2.0 pistol series with the addition of the new M&P®45 Shield™ M2.0 pistol with integrated Crimson Trace® red and green laser, chambered in .45 Auto. An ideal choice for those looking for a concealed carry firearm in a larger caliber, the new M&P45 Shield M2.0 pistol builds off of the proven M&P Shield M2.0 pistol series, providing confidence and reliable performance, day or night, in a slim, lightweight, and easy-to-carry profile.

The M&P45 Shield M2.0 pistol with integrated Crimson Trace red and green laser delivers all of the familiar M&P Shield pistol operating features, including a slim profile and 18-degree grip angle for a natural point of aim. The M&P45 Shield M2.0 with integrated laser features two laser modes and ambidextrous laser activation. The pistol is designed with a compact 3.3” barrel and the enhanced M2.0 feature set, including a light, crisp trigger and the M2.0 aggressive grip texture for enhanced control. The M&P45 Shield M2.0 pistol ships with two magazines: one seven round extended grip magazine, and one six round flush magazine.

The M&P45 Shield M2.0 pistol with integrated Crimson Trace red laser has an MSRP of \$499, while the configuration with integrated Crimson Trace green laser has an MSRP of \$549.
