Availability subject to applicable federal, state and local laws, regulations, and ordinances.
• Manufactured on the M&P15 modern sporting rifle platform.

• Phantom Flash Suppressor’s 5 port design maintains the excellent flash hiding capabilities and features a “no snag” design that allows the user to navigate rough terrain without interference. Weight also helps muzzle rise.

• Chambered in .300 Whisper®. Will also safely fire .300 AAC Blackout.

• Very effective, short range round (approx. 200 yards) for hunting deer-sized game.

• Low recoil and muzzle blast.

• Designed to operate with or without sound suppressor.

• Barrel threaded to 5/8-24.

• Feed ramps and gas system optimized to run efficiently with a full range of factory loaded sub-sonic and super-sonic ammunition, both suppressed and unsuppressed.

• Barrel twist rate (1 in 7.5”) is compatible with a wide variety of bullet weights from 110 to 220+ grains.

• Priced competitively.
